We have some great opportunities to promote our school through the local newspaper. However we need parental permission to use any photographs of your children in this manner. For example, the Anoka Union wanted to take some pictures of the children playing in the snow to be used in their paper. We would always notify you of any possible opportunities but need to have this permission slip on file. Marking Yes indicates that you give permission for your child's photograph to be used for public purposes (local newspaper, publicity flyer etc...). Marking NO indicates you do not give permission
